

**Annex 41****Registration****Scope of the review on
“Rosslyn Brewery Fuel- Switching Project (0358)”**

1. The Board agreed to undertake a review of the project activity; “Rosslyn Brewery Fuel-Switching Project (0358)”
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover:
 - (a) an assessment of the proper application of the approved methodology (AM0008) to the project activity, in particular with reference to the switch from coal to biogas.
3. The Board nominated Mr. Rawlestone Moore (lead), Mr. Hans Jürgen Stehr and Mr. Philip Gwage as members of the Review Team of this case. The review team may call on outside expertise in consultation with the Chair of the Board, as appropriate.
