

**Annex 15****Registration****Scope of the review on  
“Fuel Free Electricity to Grid” (1331)**

1. The Board agreed to undertake a review of the project activity “Fuel Free Electricity to Grid” (1331).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover an assessment to determine the additionality of the project activity, in particular:
  - (a) the investment analysis, including the applied benchmark; and
  - (b) the consideration of the CDM prior to the implementation of the project activity.
