

**Annex 34****Registration****Scope of the review on****“Hot air generation using renewable biomass fuel for spray drying application at H. & R. Johnson (India) Ltd, Kunigal” (1545)**

1. The Board agreed to undertake a review of the project activity “Hot air generation using renewable biomass fuel for spray drying application at H. & R. Johnson (India) Ltd, Kunigal” (1545).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover an assessment to determine the:
 - (a) serious consideration of CDM prior to the start date of the project activity, particularly in the context of the delay of three years and nine months in initiating validation; and
 - (b) the appropriateness of the baseline of the project activity.
