

**Annex 44****Registration****Scope of the review on****“24MW power generation from coking waste heat generated in the clean-type heat recovery coke ovens at Shanxi Province Gaoping City Sanjia Coking Co., Ltd. in China” (1710)**

1. The Board agreed to undertake a review of the project activity “24MW power generation from coking waste heat generated in the clean-type heat recovery coke ovens at Shanxi Province Gaoping City Sanjia Coking Co., Ltd. in China” (1710).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review to assess the additionality of the project activity through an assessment of the:
  - (a) suitability of the benchmark, in particular whether the project activity produces electricity predominately for captive consumption or for supply to the grid; and
  - (b) independent validation of input values to the investment analysis in line with the requirements of EB 38 paragraph 38 paragraph 54 (b) and (c).
