

**Annex 30****Registration****Scope of the review on****“Biomass based Hot Air Generation at Fertilizer Unit of Tata Chemicals Ltd., Haldia, West Bengal” (1890)**

1. The Board agreed to undertake a review of the project activity “Biomass based Hot Air Generation at Fertilizer Unit of Tata Chemicals Ltd., Haldia, West Bengal” (1890).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review to assess the:
 - (a) Additionality of the project activity through an assessment of the appropriateness of the unit cost of energy used in the investment barrier analysis, and the applicability of these values at the time the investment decision was made; and
 - (b) Application of the methodology, in particular (i) the selection of the baseline scenario, based on evidences and real actions taken by the PP to change to coal-based HAGs, and (ii) the appropriateness of the assumptions used for the calculations of the emission reductions (NCVs and baseline technology’s efficiency).
