

**Annex 42****Issuance****Scope of the review on
“Bagasse based Co-generation Project at Nanglamal Sugar Complex” (0804)**

1. The Board agreed to undertake a review of the project activity “Bagasse based Co-generation Project at Nanglamal Sugar Complex” (0804).
2. The Board agreed that the scope of the review relating to issues associated with verification requirements shall cover an assessment to determine how the DOE verified the calculation of the baseline emissions based on three-year historical electricity generation of the existing power unit, and reasons as to why the DOE has not requested deviation from the approved methodology ACM0006 version 3 prior to requesting the issuance of CERs.
