

**III. Analysis of means to reach emission reduction targets and identification  
of ways to enhance their effectiveness and contribution to sustainable development**  
(Agenda item 3)

15. The AWG-KP continued its work on means that may be available to Annex I Parties to reach their emission reduction targets, and on identification of ways to enhance their effectiveness and their contribution to sustainable development and to the ultimate objective of the Convention as set out in its Article 2.

16. The AWG-KP noted with appreciation the information contained in documents FCCC/KP/AWG/2008/INF.2 and FCCC/TP/2008/2 and Corr.1, which were prepared by the secretariat as requested by the AWG-KP at its resumed fourth session.<sup>11</sup>

17. Noting the iterative nature of its work programme, the AWG-KP agreed to continue, at its resumed sixth session and, as appropriate, as part of its discussions of its work programme for 2009, its work on the analysis of means that may be available to Annex I Parties to reach their emission reduction targets, including emissions trading and the project-based mechanisms under the Kyoto Protocol, the rules to guide the treatment of land use, land-use change and forestry (LULUCF), the greenhouse gases (GHGs), sectors and source categories to be covered, and possible approaches targeting sectoral emissions.
